## Frequently Asked Questions

**Q: How do I use the MyLCI website?**

**A:** There are three ways to navigate the MyLCI website: from a district-wide perspective, from an individual club perspective and from a functional perspective.

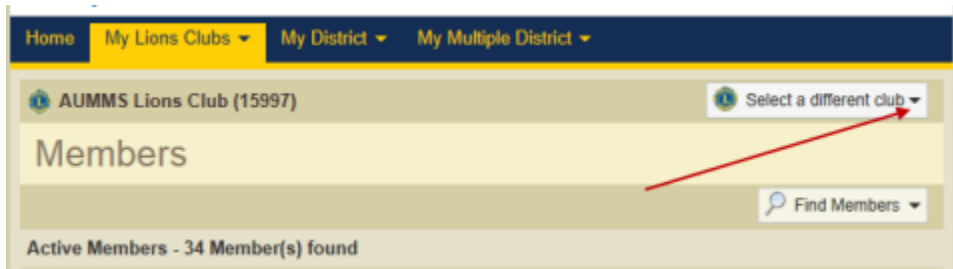

The My District menu provides district officers with a district-wide view of the district. The My District, Clubs menu item provides a summary view of each of the clubs in the district. From this page district officers can dive deeper in any of the clubs in my district by clicking on the links in the rightmost panel associated with the club (the View Members or View Officers links).

The My Lions Clubs menu provides district officers with a club specific-view. That menu allows users to see detail information about the specific club like their Statements or their club meeting information.

From any function within the My Lions Clubs menu district officer can navigate from club to club using the Select a different club drop down. For example I can select My Lions Clubs, the select the function, Service Activities. I will view the Service Activities for an individual club. Then I can use the Select a different club drop down to see the Service Activities of another club.

# Lions Clubs International MyLCI Club Viewing Frequently Asked Questions

**Q: How do I see the clubs in my district?**

A: The My District menu provides district officers with a district-wide view of the district. From the My District menu select the Club menu item to view all clubs in the district. The My District >> Data Download menu item will provide a district-wide file of the data in the district.
