Lions Clubs International Region Zone User Guide

This user guide is intended to help the District Governor and District the Governor Elect to assign clubs to a zone and optionally to assign zone(s) to regions and to assign region and zone chairpersons.

This guide describes the steps to build a region and zone structure from the an "empty" structure.

Special notes and background information

Throughout the guide we use the term "Region and Zone Structure" to mean the assignment of clubs to zones and optional the assignment of zones to regions.

The assignment of clubs to zones and the appointment of zone chairpersons is recommended for all districts. Assigning the zones to regions and appointment of region chairpersons is optional. This guide describes both options.
