My district GAT Coordinators will ensure that all clubs are conducting effective new member orientations.

My district will survey former members to better understand and evaluate how to improve member satisfaction.

Additional action items to achieve this goal:

As two merging Districts we have an ageing membership and we have lost a lot of members who have passed on to higher service.

This means we have to work with the membership groups we have and be open to new and especially younger members in these Clubs. If this proves to be difficult we will establish branch clubs alongside existing clubs to bring in new young members. This will be part of the Zone focus on membership to bring clubs on board. Every club and every Zone will have a membership officer. We will be able to monitor each Zone monthly. My challenge is for every Club to maintain their membership and add one new member each so we could have 86 members. But I am realistic and I am aiming for 25 new members based on the trends in both Districts

Additional action items to achieve this goal:

Through the Service teams at Club and Zone level we will ask every club to record all service activities within their areas. I know already that not enough clubs record their service, especially the merged area. This will be an important part of Zone training in the merged District. (my own District is already reporting better than previously due to training and promotion by the DG teams over the past 5 years. There is still a long way to go before we have a clear picture of the number of people we serve).

My district will recruit 1 100/100 Clubs this year

Additional action items to achieve this goal:

Promote at Zone level across the District with membership pins, and asking clubs to donate to the Foundation. The figures here are rough estimates because this is a merging District and I will have a better idea in 6 months as to the levels of support that might be developed. It will be necessary to revise these figures.

Not an additional item, but an explanation-our district is an extremely economically depressed, rural, low population district. It is completely unreasonable to expect us to compete with the goals set by more urban, wealthier, populous districts around the world. We will do what we can, but many, if not most, of our clubs have trouble just keeping the dues paid these days. It would be an affront to ask the clubs or the individual members for a routine weekly/monthly donation of any amount, no matter the worthiness of the cause.
